

MANOR ADVENTURE

*Culmington Manor,
South Shropshire*

Additional Information

Manor Adventure (Culmington Manor) is an Outdoor Education Centre in South Shropshire.

We have visited this centre with Newport Junior School a number of times. We were all very impressed with the facilities for the children including accommodation, catering and a variety of outdoor activities.

"Culmington Manor offers exceptional facilities within a 100 acre estate in an area of outstanding natural beauty in the South Shropshire countryside. Our superb estate is located close to the Welsh borders and nine miles from the historical town of Ludlow. The grounds consist of woodlands, fields, and gardens inhabited by an abundance of wildlife. Hidden away in the Corvedale Valley, our estate provides a safe and secure environment for schools to enjoy outdoor pursuits. The centre operates within a very compact central area with the majority of activities taking place within 15 acres surrounded by the various accommodation options." (Taken from website)

We will organise a parents meeting to give you additional details nearer the time.

For more information please see the very comprehensive website including a video you may wish to watch with your child:
