1. Aim

At SS Peter and Paul Catholic Primary School we aim to provide the highest quality care and education for all our children thereby giving them a strong foundation for their future learning. We create a safe and happy environment with motivating and enjoyable learning experiences that enable children to become confident and independent learners. We value the individual child and work alongside parents and carers to help every child reach their full potential.

As outlined in the 'Statutory Framework for Early Years Foundation Stage':

'Every child deserves the best possible start in life and the support that enables them to fulfil their potential. Children develop quickly in the early years and a child's experiences between birth and age five have a major impact on their future life chances.'

2. Legislation

This policy is based on requirements set out in the [statutory framework for the Early Years Foundation Stage \(EYFS\) that applies from September 2021.](#)

3. Structure of the EYFS

We adhere to the 'Statutory Framework of the EYFS' and the four guiding principles that shape practice within Early Years settings:

- Every child is a **unique child**, who is constantly learning and can be resilient, capable, confident and self-assured.
- Children learn to be strong and independent through **positive relationships**.
- Children learn and develop well in **enabling environments**, in which their experiences respond to their individual needs and there is a strong partnership between practitioners and parents/ carers;
- **Children develop and learn in different ways and at different rates.**

As part of our practice we:

- Provide a balanced curriculum, based on the EYFS, across the seven curriculum areas, using play as the vehicle for learning;
- Promote equality of opportunity and anti-discriminatory practice.
- We provide early intervention for those children who require additional support;
- Work in partnership with parents and carers;
- Plan challenging learning experiences, based on the individual child, informed by observation and assessment and by the children's own ideas and interests;
- Provide opportunities for children to engage in activities that are adult-initiated, child-initiated and adult supported;
- Provide a secure and safe learning environment indoors and outdoors.

4. Curriculum

Our early years setting follows the curriculum as outlined in the latest version of the EYFS statutory framework that applies from September 2021.

We plan an exciting and challenging curriculum based on our observation of children's needs, interests, and stages of development across the seven areas of learning to enable the children to achieve and (sometimes) exceed the Early Learning Goals by the end of their reception year.

All seven areas of learning and development are important and interconnected.

Three areas are particularly crucial for igniting children's curiosity and enthusiasm for learning, and for building their capacity to learn, form relationships and thrive, both in the EYFS and into Key Stage 1. These three areas are the **prime** areas:

- Communication and Language
- Physical Development
- Personal, Social and Emotional Development

Children are also supported through the four **specific** areas, through which the three prime areas are strengthened and applied:

- Literacy
- Mathematics
- Understanding the World
- Expressive Arts and Design

In planning and guiding children's activities, practitioners must reflect on the different ways that children learn and reflect these in their practice.

Three characteristics of effective teaching and learning are:

1. **Playing and exploring** - children investigate and experience things, and 'have a go'.
2. **Active learning** - children concentrate and keep on trying if they encounter difficulties.
3. **Creating and thinking critically** - children have and develop their own ideas, make links between ideas and develop strategies for doing things.

Children are provided with a range of rich, meaningful first-hand experiences in which they can explore, think creatively and be active. We aim to develop and foster positive attitudes towards learning, confidence, communication and physical development.

We create medium term plans based on a series of mini adventures each of which offers experiences in all seven areas of learning.

At the beginning of each mini adventure the children are encouraged to share their ideas for learning experiences with us which we record in a class 'Floor book'. These ideas are then used to inform our short-term weekly planning, alongside our observations which identify areas to focus on.

We always remain flexible to allow for unplanned circumstances and children's responses. Our planning is continually evaluated by all staff to ensure that children's individual 'Next Steps in Learning' and personalised learning needs are met.

Children will engage in whole group and small group activities alongside their independent learning. There are also allocated times for whole class daily 'carpet learning sessions.'

The curriculum is delivered using a play-based approach as outlined by the EYFS framework: *'Each area of learning and development must be implemented through planned, purposeful play and through a mix of adult-led and child-initiated activities'*.

We plan a balance between children having time and space to engage in their own child-initiated activities and those which are planned by adults. During children's play, the adults in class interact when appropriate to stretch and challenge them further.

In planning and guiding children's activities, we reflect as practitioners on the different ways that children learn and build these into our practice. We create a stimulating learning environment to encourage children to free-flow between inside and outdoors as far as possible.

5. Assessment

At SS Peter and Paul Catholic Primary School, ongoing assessment is an integral part of the learning and development processes. Staff observe pupils to identify their level of achievement, interests and learning styles. These observations are used to shape future planning. Staff also take into account observations shared by parents and/or carers.

Within the first 6 weeks that a child **starts reception**, staff will administer the Reception Baseline Assessment (RBA).

At the **end of the EYFS**, staff complete the EYFS profile for each child. Pupils are assessed against the 17 early learning goals, indicating whether they are:

- Meeting expected levels of development
- Not yet reaching expected levels ('emerging')

The profile reflects ongoing observations, and discussions with parents and/or carers. The results of the profile are shared with parents and/or carers for their child.

The profile is moderated internally (referring to the Development Matters [guidance](#)) and in partnership with other local schools, to ensure consistent assessment judgements. EYFS profile data is submitted to the local authority.

Nursery children are assessed on entry to the class through observation and discussion with parent/s carers and any previous settings they have attended.

6. Working with parents

We recognise the central importance of parents/carers as children's first educators. We believe they have a significant role to play in the lifelong education of their child. We strive to create and maintain partnerships with parents/carers as we recognise that together, we can have a significant impact on a child's learning. We welcome and actively encourage parents to participate confidently in their child's education and care in numerous ways.

- Holding information evenings before the children start school.
- Talking to them about their child's interests and needs during our introductory sessions in school.
- Being welcoming and approachable and having an open-door approach for parents to voice concerns/ask questions.
- Inviting them to a parent consultation in the Autumn and Summer Terms to discuss how their child has settled and share progress and next steps for learning.
- Inviting parents into school throughout the year for stay and play and shared learning sessions in the classroom.
- Inviting parents into school throughout the year to celebrate the children's success.
- Encouraging reception parents to read with their child at home and make comments in their reading record books.
- Inviting parents into school for 'parent phonics' sessions to demonstrate how we teach phonics and help them support their child.
- Welcoming parents as volunteers into our school.
- Providing reception parents with an annual end of year summary report detailing achievements and their child's EYFS profile.
- We also draw on our links with the community to enrich children's experiences by taking them on outings and inviting members of the community into our setting to talk about their lives, work, and experiences.

Each child is assigned a key person who helps to ensure that their learning and care is tailored to meet their needs. The key person supports parents and/or carers in guiding their child's development at home. The key

person also helps families to engage with more specialist support, if appropriate. At SS Peter and Paul Catholic School the EYFS class teacher is the key person for all of the children in the class.

7. Safeguarding and welfare procedures

The safety and welfare of our children is paramount at SS Peter and Pauls Catholic Primary School. We have robust policies and procedures in place to ensure their safety.

In Reception we provide a safe and secure environment and provide a curriculum which teaches children how to take risks, follow rules and stay safe. We comply with the welfare requirements set out in the Statutory Framework for Early Years Foundation Stage and understand that we must:

- Promote the welfare of all children;
- Promote good health;
- Promote good oral health;
- Manage behaviour effectively and appropriately;
- Ensure all adults working with children are suitable to do so;
- Ensure that the environment is safe, and all equipment and furniture is fit for purpose;
- Ensure all children have a challenging and enjoyable learning experience.

We promote the good health of the children in our care in numerous ways, including the provision of nutritious fruit snacks, access to water throughout the day, allocating significant time for physical development and following set procedures when children become ill or have an accident.

Staff and visitors are prohibited from using their mobile phones in our classrooms, only the class iPads are used to photograph children (for observations and assessment purposes) and children must be appropriately dressed in photographs.

SS Peter and Pauls Catholic Primary School has robust systems in place to ensure that all practitioners who have regular contact with children are suitable for their role.

The EYFS staff hold the Pediatric First aid qualification, which is a statutory requirement of the EYFS.

The Child Protection Policy is in place to ensure the safety of all stakeholders at SS Peter and Paul's Catholic Primary School. Backing up this policy is a dedicated safeguarding team which includes a number of Designated Safeguarding Leads. Staff have access to the CPOMS safeguarding system to log any concerns regarding any aspects of safeguarding and behaviour. All staff are vigilant in reporting concerns.

Inclusion

We value all our children as individuals, irrespective of their ethnicity, culture, religion, home language, background, ability or gender. We plan a curriculum that meet the needs of the individual child and support them at their own pace so that most of our children achieve and even exceed the Early Learning Goals.

We work closely with the parents/carers of our high achieving children to ensure that their individual needs are met and their talents fostered. We ensure that these children are challenged appropriately to reach their full potential.

We strongly believe that early identification of children with additional needs is crucial in enabling us to give the child the support that they need and in doing so, work closely with parents/carers and outside agencies. We have a Special Educational Needs Coordinator (SENCO) in school who supports us with any additional needs a child may have.

The rest of our safeguarding and welfare procedures are outlined in our safeguarding policy.

8. Transition

Transitions are carefully planned for and significant time is given to ensure continuity of learning and care. At times of transition, we acknowledge the child's needs and establish effective partnerships with those involved with the child and other settings. Children attend a number of introductory sessions with their parents/carers into the EYFS setting to develop familiarity with the setting and practitioners. Our EYFS staff also visit the local nurseries and preschools where possible, to familiarise themselves with the children and liaise with key workers.

At the end of the reception year, our EYFS teacher meets with the Year 1 teacher to liaise with them and discuss the individual children and their specific needs. The children's assessment data and writing books are sent with them to Year 1 so that their new teachers are able to plan for their 'next steps in learning' from the moment they enter their new class. Children spend a number of sessions towards the end of the school year in the Year 1 classroom with the Year 1 teacher to ensure that they are familiar and comfortable with their new teacher and are 'next year ready'.

9. Monitoring

We are committed to providing the best possible experiences for our children. The EYFS Leader is responsible for monitoring provision, teaching and learning and children's progress. Information is shared with the Headteacher, SENCO and EYFS team as appropriate and any necessary actions are taken.

All adults in the Early years team have a key role in children's learning and development. Therefore, they are required to be knowledgeable and skilled in the EYFS curriculum. Any training needs for existing or new members of staff are identified and addressed as part of performance management targets.

Appendix 1. List of statutory policies and procedures for the EYFS

Statutory policy or procedure for the EYFS	Where can it be found?
Safeguarding policy and procedures	See child protection and safeguarding policy
Procedure for responding to illness	Infection Control Policy
Administering medicines policy	See supporting pupils with medical conditions policy
Emergency evacuation procedure	See health and safety policy
Procedure for checking the identity of visitors	See child protection and safeguarding policy
Procedures for a parent failing to collect a child and for missing children	See child protection and safeguarding policy
Procedure for dealing with concerns and complaints	See complaints policy
Food and nutrition	See EYFS food and nutrition policy
Nursery Intimate Care Policy
